KINGSFORD.

From Our Own Correspondent.

Mr. Asa Abbott is visiting relatives in

Flint, Michigan.

Mrs. Dennis O'Connor, of South Fredericks-

burgh, has been visiting her relatives here

for the past week.

Sergeant Downs, of the Belleville Police

Force, who has been enjoying a vacation for

the last two weeks, has been visiting with

my relatives and friends here and in

Tyendinaga.

Mr. Timothy Drumm, of the Indian

Reserve, was visiting here last week.

Mrs. James McHenry went to Kingston

last week with her son Daniel, who met

with a serious accident, some weeks ago by

falling from a stack of straw, for the purpose

of consulting Dr. Sullivan. The little fellow

has suffered a good deal from a pain and

swelling in the hip and has been quite lame.

Dr. Sullivan says that the case may not be

serious although he may suffer for a time.

Miss Bella McCullough and Miss Frizzell

returned home from Hillier on Saturday.

Mrs. John McNeill is very ill.

Mr. James Gordon was in Kingston last

week attending the meeting of the Presby-

tery in connection with the call to Mr.

Rattray from the congregation of Mel-

rose, Shannonville and Lonsdale. Mr.

Rattray has accepted the call and is to be

ordained next month.

Mrs. William Perkins, of Frankford, is

visiting her sister, Mrs. Clarke, at Empey

Hill.

Mrs. Burrip, of Tamworth, is visiting

Mrs. Hayes.

Miss Maggie McCullough spent Saturday

and Sunday at home and returned to Roblin.

Mr. Robert Sampson, Mr. William Ger-

min, Mr. William M. McCullough and Mr.

J. T. Sargent, visited the city last week

and took in the sights of the city last week

and have returned home.

TYENDINAGA RESERVE

From Our Own Correspondent.

Chief Annotochak arrived from England

on the 24th inst., looking very well. He was

met at the station by the clergyman and lay

delegates of the parish, chiefs and prominent

members of the Band, male and female, be-

sides several of his white friends, who all

welcomed him back to his native soil.

Joseph L. Brant and Grand River Sachem

went to Ottawa last week to interview the

governor-general on important business.

Unfortunately His Excellency had started

on his western tour and little was done.

The annual L. O. L. No. 99 picnic was

held at Eagle's Nest grove on Tuesday last.

The day was fine and brought a large number

of people.

The baskets were rather scarce.

Chief Kongketch's address is now Plains-

ville, Conn. U. S. He says he is doing a

good business and has received a host of

testimonials to the efficacy of his medicines

from persons cured by the use of his infalli-

ble remedies. Jesse was born a physician.

W. M. Vening, Esq., secretary of the

New England Company in England, accom-

panied by the Rev. Mr. Ashton, of Brant-

ford, paid an official visit to the Mission

school which is supported by a grant from

the Company they were pleased with the

progress made by the pupils.

A drunken driver while taking a picnic

party from Erie, Pa., into the country on

Sunday, drove over a bank and dumped the

whole 30 down a precipice 40 feet high. All

were badly injured and two will die.

TRAFFORD.

From Our Own Correspondent.

Our school which was closed during the

illness of the teacher, Miss Reid, we are

pleased to say is re-opened with a fair at-

tendance.

As the fishing season has passed, our lakes

are again deserted, but not until some good

hunts were made. R. Reid, of Reidville,

hooked a pike weighing eleven pounds.

The young people of this place held a

large party at the Rathbun lumber camp on

the evening of the 14th. All kinds of games

were indulged in, together with the tripping

of the light fantastic toe. The music which

was furnished by Messrs. McKeever, Robin-

son and Warner, of Camden East, was above

comment, "But when you come again boys

do not bring so much luggage."

Mr. Scantlin, agent for the Rathbun Co.,

took a gang of men mostly from this section

to work on the extension of the N. T. & Q.

railway, building fence.

Mr. T. Kenny, that estimable and popular

clerk of the Rathbun Co., has much to our

regret, taken his departure from amongst us

to rest in the capacity of time keeper for the

fence gang on the N. T. & Q. R. R.

Mr. Jas. Wells, who has been alling for

some time this year as formerly, six frogs being

the entire haul are told.

Mr. J. C. Card, the well known mill

owner of this place, is about to take up his

residence at Bear Lake where like the son of

the poet he will be able to say "I am

monarch of all I survey."

Mr. and Mrs. J. N. Wagar are preparing

to take up house keeping. Rumor reports a

home warning.

Mr. H. King still lingers without any hope

of his recovery.

Mr. William Lacey, sheep buyer, is

gathering up a few fine lambs in this place

for which he is paying a fair price.

Among our visitors are—Mr. Will Wagar

the guest of Mr. H. Keech on Sabbath.

Mr. & Mrs. S. King, and sons Henry and

Marshall, were the guests of Mr. J. R.

Wagar on the same day.

Mr. & Mrs. J. N. Wagar were absent

visiting friends in Wagarville on Saturday.

Mr. Charlie Whelan and Miss Caro

were the guests of Mr. Irvine Wells on Sabbath

evening.

Miss Reid and Miss Wagar were the guests

of Miss Libbie Whelan on last Sabbath.

CRUELTY TO ANIMALS.

This is what John Bright said at the Sun-

day School Conference at Rochdale, England:

"There is nothing to my mind more base

than to cruelly treat animals, who cannot

answer, who cannot resist, who cannot

escape, and who, whatever their sufferings may

be, are not able to utter a word about them.

I don't know anything more base than the

cruelest thing which you sometimes see shown

to dogs and horses. I have a great affection

for dogs, and a very great regard for horses.

I think dogs are what are called more

intelligent, but horses are much more

intelligent than what the world generally give

them credit for; and with them, however

paid a hundred or a thousandfold by the good

services and the generous return they make

for the good treatment they receive. There

fore, if we were talking to children, this is one

of the things I should now and then call

their attention to."—London World.

AN UNLIMITED STOCK GIVES THE BUYER AN UNLIMITED CHOICE

HOWEVER common place this statement sounds, it is worth your consideration. When you are shopping you have an idea of what you want to buy. Suppose you go to a store whose stock is limited, it may be a showy stock but it is a shallow stock, being deficient in variety of goods and prices. The salesman knows his stock is limited, he is bound to sell you what you want. If he has it, and what you don't want if he hasn't got that you are seeking. He goes to work artfully, tries a line or two as a "feeler," finds out what you want in it, he speaks disparagingly of that class of goods and so on until you are at home again with your purchase.

DON'T BLAME THE MAN, He wants to Sell his Stock and will make the Public his Dupes if he can

We claim this advantage, we offer our Customers a

MISS IRWIN HAS CHARGE OF THIS
DEPARTMENT.

GEO. RITCHIE & CO.,
BELLEVILLE.

The Bishop of Ontario has been seriously ill at Ottawa.

A smart message boy wanted at THE TRIBUNE office.

Now is the time for people to read the advertising columns of THE TRIBUNE.

Mr. G. W. Wright has sold his building lot on Mill street to Mr. John Dalton for \$650.

A kind friend recently presented Mr. E. Whitney of the Empress with a handsome rifle.

Late hours tell on a man, but he doesn't seem to care as long as they don't tell his wife.

Contractor Cole has made rapid progress with the excavation work at the new McCullough Block on St. George street.

Mr. E. Cole will move his tonorial parlor into the new store in the east end of the Oliver Block in the course of a few days.

Capt. Thos. Donnelly and son have taken the contract for raising the tug Myra recently sunk by a collision with the tug. Eithersy.

Messrs. Rathbun & Blake, of Bay View Ranch, purchased two large thoroughbred Yorkshire hogs at the Toronto Exhibition.

Boys should be careful with their caps. Some windows are reported broken and the Chief is keeping his weather eye open.

Mr. John Leng, Gladstonian, has been elected by acclamation to fill the vacancy in the great manufacturing city of Dundee, Scotland.

The repairs on locomotive No. 7, have been completed and it has been despatched to assist at construction work on the N. T. & G. Railway extension.

Joe, Kettler, of Devers Mill, had his arm severely shattered by the accidental discharge of his fowling piece as he neesitate amputation at the shoulder.

The Citizens Band turned out on Wednesday evening and serenaded Mr. and Mrs. P. J. Wims at their residence on Mill street. The courtesy of the Band were suitably recognized on the occasion.

The letter of our Auburn correspondent is unimpaired in its interest, being replete with facts which should stimulate the ladies of Deseronto and other Canadian towns to increased zeal in the cause of charity and public morality.

Mr. John Charlton, M. P., addressed a large meeting in Belleville on Tuesday evening on the Jesuits Estates Act. The meeting was under the auspices of the Equal Rights Association of Belleville who are holding a series of such meetings during the winter.

Mr. McCullough will complete the mason work on his new block and have it closed in before winter. The interior will be completed during the winter months. It will be three stories high and undoubtedly one of the best business stores in Deseronto.

Mr. V. C. B. Rathbun, of Bay View Ranch, has purchased from Mr. E. Butler 152 acres of land on the Napanee road, being part of the Stevenson property acquired by Mr. Butler two years ago. It is situated directly north of the Deseronto Cemetery.

A large party of French Canadians arrived last Friday on the early morning express from the east. During their long wait at the junction they passed the time in a convivial manner, singing patriotic songs with considerable "break down." They go to work for the Rathbun Company.

Several of the blocks recently erected have been badly marred in appearance and greatly injured in business point of view by being built at such a height above the boardwalk as to necessitate a flight of stairs to get into the shop. It would pay all parties to consult an architect before commencing to build.

Mr. Ricketts, of the Chemical Works, threatens to put in a little bill to the corporation for discharging the town water into a south east wind blow. His prodigious fumes are death to bacteria, microbes and all such allies of our resident physicians. No wonder that Egar and Malley cough as they see Ricketts pass by.

The morning mill trains on the G. T. R. from the west are never on time now, and commercial men complain that they do arrive at Deseronto Junction, the B. of Q. train is so long in starting that it is impossible for them to get through their business in the time to catch the midday express. Can not this state of things be remedied?

We direct the attention of all our readers to the change of date, made this week by the Misses Evans, St. George street. These ladies have imported a stock of new goods which afford an unlimited choice from which to make a selection. The ladies will find themselves more than repaid by a visit to their neat shop on St. George street.

One of the collectors missed a whole section of the pews in one of the town churches last Sunday morning, and worshippers were disturbed from placing their customary offerings on the plate. It is thought that he is intending to run for the town council and he has taken this device to popularize himself with the masses.

The French elections resulted favorably to the government and show that the people of France are growing more strongly attached to the Republican form of government. Rouler and the monarchists have been given their quietus, let us hope for all time. The result must have a great effect on Europe and tend to decrease the strength of absolutism in Germany, Russia and other countries.

We learn that a robbery has been committed from the premises of Mr. John D. Ellis of Thomas street. A racial got into his stable in the night time and stole a set of harness, the property of Mr. James Dryden. As there is unusually strong suspicion of a question of time, when no doubt he will have a sufficiently long term of imprisonment awarded him, to allow him to meditate on his ways.

A fearful calamity befell Quebec on Thursday last week, when a huge mass of rock became detached from Cape Diamond and rolled down demolishing a number of houses on Champlain street. The inmates were in many instances crushed to death, 40 persons lived in the street, others were rescued with much difficulty, one old man, Kemp, being cut off alive 100 hours after the accident. He died however, the next day. It is feared that another portion of the cliff will fall as it presents a threatening appearance.

Shannonville. Everything about to a very successful fair at Shannonville this year. The date is Tuesday, Oct. 8th. The directors of the Shannonville Agricultural Society are making every effort to make the exhibition a success. The premium list is large and includes many extra prizes. There will be horse-racing and other attractions, and we predict the largest attendance ever seen at a fair in Shannonville. The weather is very bright and clear, and the full moon will apply to A. Macfarlane, Secy, Milroy P.O.

Mrs. R. J. Craig, of the Manse, had her hand severely crushed the other day by the sudden fall of a wooden stool.

Mr. George Stewart, of the Deseronto House, cut his hand quite severely on Wednesday while engaged in carving a bottle of catnip.

Mrs. W. B. Phelps, of Oswego, mother of Mrs. Chas. Bond of this city, died on the 24th inst. Her husband was one of the founders of the town of Bond, now connected with the D. L. & W. Railway.

The Indians of the Reserve are discussing the propriety of securing a block of five or ten thousand acres of land in the Northwest territories for members of their band, who may desire more room for farming purposes.

Barley. The schtr. Storrs has been loading with barley at Baker's dock, Barley is now coming in more freely to this market.

All the newspapers are urging upon farmers the duty of marketing their grain at once, as the Western barley is bright and is coming in freely, and once it gets in, there is little chance of the action of some winter wheat in the United States markets. The farmers should take this fact into consideration.

Millinery Opening. Miss Warrman holds her fall millinery opening on Saturday, Sept. 28th, and all ladies of Deseronto and vicinity are invited to attend. Miss Warrman has personally selected all her stock, the leading houses of Toronto and will make an exhibit this year far exceeding those of former seasons. She will show a large assortment of hats and pattern bonnets for the fall season in all the leading styles. A visit to her room on St. George street will show many attractions.

Orange Picnic. The members of Mohawk Lodge, No. 99, Peter Claus, W. M., held their annual picnic last Tuesday on the west end of Eagle Hill. There was a good attendance of the brethren and enjoyments were made in different games, including quads. Five drums and several lively fife contrived excellent music. The brethren were divided into two teams, at which an auctioneer was engaged, and they went away as they felt themselves better than others.

Announcement. In accordance with the method now adopted by all the newspapers of the district we beg to announce that in future all notices of meetings or events held under the auspices of churches, societies, &c., at which an admission fee is charged or whose object is to make money, will be only inserted in THE TRIBUNE at the usual rate of 5 cents per line. When posters, circulars, &c., are printed in this office, the rate for reading notices will be three cents per line. No notice inserted for less than twenty five cents.

Crickets Match. Messrs. W. A. Macleod and J. F. Stokes, as members of the Napanee Cricket Club, went down to Kingston on Wednesday to play the team of the Royal Military College. The Napanee Club was victorious by 30 runs. Macleod made the best batting of the year, having succeeded in rolling up a score of 41 runs in the first innings and 4 in the second. Stokes made 34 runs in the first and 22 in the second. The Royal Military College, 35, of which Capt. A. Straubene contributed 19. In the second innings Napanee secured 57; the College 51 with the victory of the game. Macleod and Stokes have been a tower of strength to the Napanee Club this year.

Pointers for Farmers. The Farmers' Club frequently directed the attention of farmers in the Bay District to the necessity of paying more attention to mixed husbandry. They have been hitherto too inclined to devote exclusively to raising stock has not been beneficial. If that grain fails, the work of the season is lost. This year the barley is plentiful but it is generally of a poor quality. The price is low, and the price will be very low. There must be a change in the system of farming in this part of Ontario if agriculture is to be made profitable. Thousands of dollars are every year sent out of Deseronto and other places for pork which should be raised by the farmers of Hastings. This should not be so. There again we are importing grapes, plums, cabbage and other fruit and vegetables which should be furnished by farmers of this district. The farmers of the district are too conservative in their notions and refuse to accommodate themselves to the changing condition of things. The farmers of the district should form a farmers institute if they wish to keep themselves abreast of their brethren in other parts of the province.

Next Sunday will be the Fifteenth Sunday after Trinity and being the 26th of September will also be duly observed as the Festival of St. Michael and All Angels. There will be an early celebration of the Holy Communion at 8 a. m. A collection will be made at the morning service in behalf of the Clergy Superannuated. An Adult Bible Class will be formed in the afternoon to meet in the church each Sunday at a quarter to three. Following the Annual Harvest Thanksgiving service of last Sunday week came on the following Thursday a social gathering under the management of the young ladies of the congregation. It was intended to have utilized the church grounds for the occasion but consequent on the unfavourable state of the weather, the hall was employed. The Citizens' Band kindly attended and played some excellent selections among which the Soldier's Dream was particularly admired. Songs were given by Miss Maud Anderson and others and the entertainment proved a pleasant one to all who were present.

Mr. Egan last Sunday the duty of organist was most efficiently discharged by Miss Solmes.

Tragedy at Manrova. The body of Wm. Embery, Manrova township, was found at a marsh a distance from his home. On examination it was found that it was accidental but it is now supposed that it is a case of murder. The Belleville Ontario states that "High County Constable John Embery returned from Manrova where Wm. Embery was so lately murdered on the 19th inst. Embery's father formerly lived in St. Catharines and was highly respected by all the neighbors. Embery, it appears was working in the field when he was shot down by his cowardly assassin. When found by his friends the victim in the vicinity showed indications that he had taken a few paces back from where he had been raised as if afraid of some object. The ball passed through the left side of the neck and struck the spinal column. His own gun had been discharged and was sticking muzzle downward into the ground. The man was dead. The crime was well known and officers of the law have been put on his track. It appears that Embery's father had been in a quarrel with the assassin and Embery was charging him on that day when he was shot down.

Come On, Macleod!

The employees of the Rathbun Company have not yet mustered up courage to challenge the Town cricketers to a friendly match. Successful defiance have taken the starch completely out of the Company. The town team are blue moulding for an encounter.

Fresh Satisfaction.

We had a visit yesterday from Mr. W. M. Vening, Secretary of the New England Company, who has been visiting Canada on a tour of inspection for his company. Yesterday in company with Rev. G. A. Anderson and others he visited the Yendland mill, a four of inspection for his company. Yesterday in company with Rev. G. A. Anderson and others he visited the Yendland mill, a four of inspection for his company. Yesterday in company with Rev. G. A. Anderson and others he visited the Yendland mill, a four of inspection for his company.

Historical.

Appropos of the demolition of the old Central Office of the Rathbun Company it is a notable fact that the lumber used in their construction was sawed in the first saw mill erected by the founders of the great business centres in Deseronto. The mill was owned and manned and ran the mill saw were Mr. Tobias Butler and Mr. Thos. Roach, Sr. In the old building was located the first store connected with the mill. It was successively in charge of the following, viz: Messrs. George Padlock, Frank H. Bradley, Messrs. J. Williams, Mr. Peter Van Schaack, of Chicago, now the head of one of the largest drug houses in the Western States, and a relative of the Messrs. Rathbun, spent over two years aiding the mill in hand, and the same may be said of Mr. Timothy Bristol, one of the most successful merchants of Deseronto before and after the American civil war. Connected with the old building are pleasant recollections of Messrs. Amos Scott, Rathbun, Knave, Kettler, Edward Rathbun, Hugo Burghardt Rathbun all now passed over to the "great majority." Intimately connected with all the affairs of this section in those early days in the history of Deseronto, the vicinity was the present incumbent of the Mohawk Church, Rev. G. A. Anderson, M. A. Among the pioneer workmen and specialists of the Rathbun Company business who are still living are Messrs Tobias Butler, Thos. Roach, Sr., John McCullough, Godfrey Colp, Baptiste Janaway, &c., of old officers could furnish the theme of an interesting volume on the early history of Deseronto.

MEN OF LETTERS.

A new novel by Dumas is expected about Christmas.
Mr. William Ernest Healy, the author and poet, began life as a laborer.

Mr. Marion Crawford is described as a man of really profound scholarship.
There is said to be little doubt in England that Sir Edwin Arnold will be the next laureate.

William Henry Bishop, the novelist, is now settled with his family at the Villa Blauder, near Tolo.

Tolstoi, it is reported, has been obliged to stop smoking, and this has sadly interfered with his power to write.

Fennymore's forthcoming volume is to be made up of verses, some composed and of scraps rescued from forgotten books.

James Whitcomb Riley has been well this summer and has done very little literary work. He is regaining his health rapidly.

It is said that Luther R. Marsh, the New York lawyer who became a believer in Spiritualism and Miss Des Bar, is writing a book on Spiritualism.

Mr. Archibald Grove, who is at the head of The New Review, is about 28 years old. He took double honors at Oxford in 1880, and has spent much time in travel.

A most interesting literary event in the shape of a new and hitherto wholly unknown series of letters by the famous Lord Chesterfield is promised. They will be edited by Lord Carnarvon.

Deceit Browning, the English writer, and Robert Barrett Browning, the artist, are often confounded with each other. The latter is Robert Browning's only son, and is not related to the former.

Robert Louis Stevenson is last heard from in the Gilbert Islands of the South seas. He is on board his schooner Equator, and has picked up not only his health, but much good material for a book.

Peter Mitchell, who wrote the independence article in The Montreal Herald recently that has caused such a sensation, is a man of wealth. He was once a Tory and member of Sir John Macdonald's cabinet. He is one of the directors of the Great Trunk railroad of Canada.

John Miller, the poet of the Sierras, has shaken the dust of the effects onto his boots and has gone to California to plant trees. He says that he has planted 15,000 within the past three years. When not engaged in tree planting he is busy with his great work, a life of Christ.

WONDERFUL MEMORIES.

John Wesley had a remarkable memory, and at 85, even, it was still vigorous.

Both Macaulay and Sir Walter Scott had prodigious memories.

Andrew Fuller could repeat a poem of 700 lines after having it read once or twice.

Before the days of shorthand reporting, "Memory Woodfall" used to attend the house of commons, and, after listening to a debate, would reproduce the whole without taking a single note.

Robert Dafford, an illiterate Puritan, invented a long ladder, which he would use to climb about his yard, and upon which he preserved an accurate and reliable record. By means of this ladder he was able to take such notes of the sermon that on returning home he could give a full and correct account of the various parts mentioned in it.—All the Year Round.

1889 -- AUTUMN -- 1889

NO LITTLE SURPRISE Was expressed by those who saw THE BIG STORE team coming from the depot with load after load of large iron-bound cases, and bales of goods, which had just arrived from Europe. We are glad to inform those who have been patiently and anxiously waiting to see these goods, coming as they do direct from the Mills and Looms of England, Ireland and Scotland, France and Germany, that they are now opened, marked, and placed on our shelves and tables.

WE NEED HARDLY POINT OUT to an intelligent Public the advantages to ourselves and patrons obtained by purchasing direct from the manufacturers and producers, as it must be apparent to everyone that by so doing the commissions of wholesale houses and of all middlemen are saved. We have carefully compared the cost of many lines of our imported goods with the prices charged by wholesale dealers, with the result that we find that at least 10 per cent. is saved by importing, and the goods are sure to be of the most recent manufacture, and consequently of the latest styles and designs. Moreover, in many instances, goods purchased from middlemen have lain in their warehouses for a long time which detracts from their value and wearing qualities, and as styles change every year goods carried in this way are behind the times, though often represented by those interested in selling them as being of the latest dates.

THE ONLY WAY to ensure getting New, Fresh Goods is by purchasing from the Manufacturers. Our experience in past years has been entirely satisfactory and has encouraged us this year to import not only larger quantities but to add many new lines, and we now place at the disposal of the Public a large and varied assortment of Dry Goods (i.e., which for judicious selection, extent, variety, and general excellence, will compare favorably with the stock carried by any of the houses in Toronto and other large cities, and is certainly unequalled by any similar establishments in central Canada.

THE LIMIT of our space of course precludes an enumeration of the goods, Dress Goods of every popular make, Mantles and Mantle Cloths, Silks, Velvets, Phases, Lace, Hosiery, House Furnishings, Cloths, Tweeds and Meltons. A Specialty is made of Tailoring to order.

WITH REGARD TO PRICES, The 10 per cent. which we save by importing we give direct to our patrons, or in other words we save them 10 cents on every dollar's worth of goods they buy from us. Do not be deceived by small dealers who tell you and advertise that they import direct as the records at the Customs Office prove that we are the only direct importers of Dry Goods in this vicinity.

EVERY DEPARTMENT will be found replete with new and seasonable Goods.

WE HOPE to have the pleasure of showing you our Stock at an early date, confidently believing that the merits of the goods and the Low Prices charged for them will meet with your approval and induce you to buy.

THE WEDDING CASKET.

MARRIAGES AND THE PRESENTS WHICH ACCOMPANIED THEM.

Origin of the Bride's Dowry—Pog Weddings Which are Still in Vogue in Some Parts of Germany—Neighborhood Consultations to Prevent Duplication.

When men stole their wives without the formality of considering in the least the feelings, wishes or preferences of the ladies concerned there was no thought of inducing the bride with anything save the necessary utensils for house-keeping and the promise of condign punishment in case they should not properly and efficiently use them. When, however, marriage became a contract, and was recognized as such, the consent of the bride was an important preliminary, and was generally secured by gifts, sometimes of nominal, often of real value. At first these were made to her father, as she was regarded as his property, and she was virtually purchased from him by the amount of the purchase money being sometimes fixed after a little dicker on both sides, the father exacting the value of the girl and declaring that there never was such a daughter in the market as his daughter. He would be husband calling attention to her defects and the high price demanded for her in comparison with other girls of her age.

As civilization changed the conditions of life, the married state became much more expensive the wife became a drain on the resources of her husband, and then began to demand that, instead of paying the amount of the purchase money, she should receive some compensation for being willing to marry. This originated the bride's dowry, on the principle that as marriage is a contract and the expenses of a married man are considerable, the wife, as a bachelor, the bride should contribute to the resources of the household. When neither the bride nor the bride's father was able to provide her dowry, it was supplied by contributions from friends, and the convenience of this method commended it to more than one nation at about the same time. In several country districts of Germany pog weddings are still in vogue, entertaining friends, and the convenience of this method commended it to more than one nation at about the same time. In every Welsh neighborhood, until about the middle of the present century, there was a functionary known as the bidder. The duty of this important official was to give notice of an approaching marriage, which he did by perambulating the neighborhood and surrounding farms, and the convenience of this method commended it to more than one nation at about the same time. THE SINGER'S ALMS.

(AN INCIDENT IN THE LIFE OF THE GREAT TENOR, MARIO.)

In Lyons, on the night of that French town, years since, a woman longed for a child, Craved a small sign of one, who, walking down

The thoroughfare, caught the child's glance and smiled, To see, behind its eyes, a noble soul; He paused, but found he had no coin to

His guardian angel warned him not to lose This chance of pearl to do another good; So, as he waited, pearly to refuse

The school for penny, there, as he stood, And with his hat held, as by him the best, He covered his kind face and sung his best.

The sky was blue above, and all the stars Of commerce, where the singer strolled, was filled, And many paused, and, listening, paused

To hear the voice that through and through them thrilled, I think the guardian angel longed along That cry for pity women in a song.

The hat of its stamper brood was emptied into the woman's lap, who, drenched with tears, Her kiss upon the hand of help 'twas won, And noon in her glad heart drove forth her

The singer, pleased, passed on and softly thought, 'Men will not know by whom this deed was wrought.

But when at night he came upon the stage, Cheer after cheer went up from that wide throng, And flowers rained on him; naught could assuage

The tumult of the welcome save the song That he had sweetly sung, with covered face, For the two beggars in the woman's hand

—Henry Abbey.

HINTS FOR THE FALL.

Late Crops.—Many farmers think that August and September are the proper months to sow rye. Sown at these times it gives cuttings for milking in the fall. If sowing has been neglected, it is regarded by some farmers as an advantage to sow rye in the fall, even as late as November, or so late that the ground can be worked. The grain sown this late does not sprout in the fall, but starts very early in spring, and the crop is much earlier than from any spring-sown seed.

Repairs to Farm Buildings.—Do not wait until cold storms point out where repairs are needed. Make them at the first opportunity, and if an opportunity does not occur soon, make one. A large share of the food of an animal is expended in producing heat. If we keep the animal warm by other means, the food goes toward fattening it.

Shelter in Pasture.—We have often urged this need, in a treeless pasture, of a shelter for the animals protection from the excessive heat of the sun. If this shelter be of a more permanent character, with roof and sides, it will break the force of a driving storm. The cold storms at this season are especially injurious to young animals.

Horses should come into winter quarters in good condition, and should have extra food. Many continue to turn out their horses until much later than when one cold, stormy night can cause them much discomfort, when caught out in a driving rain. As soon as they are in their quarters, dry and blanket, giving some extra feed.

Cows require care to prevent them from falling off the quality or quantity of their milk. As soon as they are in their quarters, dry and blanket, giving some extra feed. Cows require care to prevent them from falling off the quality or quantity of their milk. As soon as they are in their quarters, dry and blanket, giving some extra feed.

Pigs should be kept in growing condition and fattened early. City buyers like small pork.

Winter Apples.—Many fruit growers find, when their orchards come into bearing, that they have planted too many varieties of apples, ripe at the same time. It is a mistake to set many new varieties in an orchard planted for profit. There are many varieties of apples, ripe at the same time. ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup for Children's Teething." Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, cures Dysentery and Diarrhoea, regulates the stomach and bowels, cures Wind Colic, soothes the gums, reduces inflammation, gives tone and energy to the whole system.

"Mrs. Winslow's Soothing Syrup for children's Teething is pleasant to the taste and is the best remedy for the child, and best female physicians and nurses in the United States, and is for sale by all drug stores throughout the world. Price twenty cents a bottle. Beware of cheap imitations. Mrs. Winslow's Soothing Syrup."

WHAT AM I TO DO?
The symptoms of Biliousness are unappetizing, too well known. They differ in different individuals to some extent. A bilious man is seldom a breakfast eater. He is nervous, irritable, and has a bitter taste for liquids but none for solids of a morning. His tongue will hardly bear inspection any time of day. It is not white and furred, it is rough, at all events.

The digestive system is wholly out of order and Dysentery or Constipation may be a symptom of the two ailments. There are often Hemorrhoids or even loss of blood. There may be giddiness and often headache and nervous and nervous tendencies. There is the effect of the stomach. To correct all this, no effort a cure try Green's Great Peppermint Cure. It is a cure for all ailments of the stomach.

WHAT WOMEN HAVE DONE.
To The Editor of The Tribune.
As the founder of Deseronto was a native of our city also, I have from this circumstance ventured again to occupy a little space in your columns with matters of a local character pertaining to Auburn. In this letter I will endeavor to give you readers as much as possible a little idea of what the women of our city are doing for "Sweet Charity's Sale." Small communities can gain from larger ones ideas of practical importance for their own adoption as they advance in civilization.

Although not claiming for Auburn such perfection as offering her as a model for the imitation of other cities, I can say generally, yet in a matter of sympathy for poverty and human suffering she is entitled through the untimely death of her many noble women to an honour that many of our towns might envy.

The following from the most important of Auburn's charitable organizations which have been mainly the result of woman's work. One of the most useful of these is the "Cayuga County Orphan Asylum." This institution with its fine grounds, extensive and substantial edifices, is a model of every respect for the comfort of its sixty-six children is hardly excelled in Western New York, the value of this property reaching up to many thousands. The need in importance may be considered the Home for the Friendless, an institution for destitute old ladies; this orphan asylum is well provided for in the possession of a good building with all the modern improvements to be found in our best dwellings and surrounded by ample grounds. It averages about twenty beneficiaries so the thought full care of our women the two extremes of human life, youth and old age, have comfortable homes provided for them.

The "Woman's Industrial and Educational Union" is an organization for the benefit of working girls, mainly those employed in our factories of which our city has a large number. The advantages of this society are enjoyed mostly in the long winter evenings when this class is at leisure. No labor is spared for the moral and intellectual improvement of those who wish to avail themselves of its privileges; it has a good library and instruction is given gratuitously in penmanship and other branches that may be desired. Education, recreation, amusements of an instructive nature form an important feature of the society. These charitable efforts have been highly appreciated by those to whom they are given, and then we have the Woman's Employment Society composed wholly of unmarried ladies. They procure material and give out garments to the poor and deserving employment at remunerative prices. In cases in which needed the garments may be returned. This work involves a considerable expenditure of time, money and labor for those engaged in its management.

The Young Ladies Benevolent Association has accomplished in many good things the way as a form of charity we have. This society is a very systematic arrangement. The city is districted off and committees assigned to each district. Each committee has an oversight over the sick poor of its own territory; comforts and delicacies are generously provided, flowers so grateful to the sick are furnished and these young ladies have gone like ministering angels with willing hearts into the haunts of sorrow and wretchedness.

BELL

PIANOS & ORGANS.

MISSISS, W. BELL & Co.

Gravel, Ont.

The Bell Piano is in use at the Toronto College of Music has proved to be a very satisfactory instrument. Tone, touch, and general finish being excellent.

(Signed) F. H. THOMSON, Director, Toronto College of Music.

BELLEVILLE, Feb. 20th., 1889.

H. BULL, Esq.

Dear Sir:—The Bell Piano which I bought from you a few months ago continues to give great satisfaction. Its depth of tone, and power, its brilliancy and sweetness make it always a delight to play upon. There is that peculiar "singing" tone which is so characteristic of a Bell Piano, and which produces a lovely effect. As regards the mechanical work and finish of the case and action, they seem to be above criticism. Indeed I have never yet seen a Canadian Piano and very few American ones, which would at all compare in my estimation with the "Bell Piano." My opinion of that Piano, however, is shown by the fact that I have selected one of them, in preference to all others for my own use and pleasure.

I am Sir,

Yours truly,

DAVID F. BOGART, Rector of St. John's Church.

"I HEARTILY RECOMMEND PUTNER'S EMULSION FOR ALL SUFFERING FROM AFFECTIONS OF THE THROAT AND LUNGS, AND I AM CERTAIN THAT FOR WASTING DISEASES NOTHING SUPERIOR CAN BE OBTAINED."

"I have been suffering from Pulmonary Diseases for the last five years. About two years ago during an acute period of my illness I was advised by my physician to use Putner's Emulsion. I did so with the most gratifying results my sufferings were speedily alleviated, my cough diminished, my appetite improved. I added several pounds to my weight in a short time and began to recover in strength. This process continued until life which had been a misery to me became once more a pleasure. Since then Putner's Emulsion has been my only medicine. As one who has fully tested its worth I heartily recommend it to all who are suffering from affections of the Lungs and Throat, and I am certain that for any form of Wasting Diseases nothing superior can be obtained."

The various clubs of the Rathbun Company are at present undergoing repairs.

The Gananoque Reporter doubts if horse races added to the financial success of fall fairs.

The stmr. Deseronto has returned to this port after a cool season on the Gananoque-Clayton route.

The marshes are now a-days full of boys prowling about fowling piece in hand ready to shoot at anything with wings.

Mr. Joseph Carwell is now in charge of the moving sheds of the saw factory which are situated north of the railway track.

The new extension to the saw factory which will be used as a storehouse for lumber is now being filled with new stock.

The Fall Assizes are being held this week in Belleville. Mr. Justice McMahon presiding. Mr. Wm. Bick has been in attendance as a grand juror.

Dr. Newton added a province to the Dominion in a few minutes the other day. It would take our best statesmen two or three years to accomplish such a task.

Mr. John Burns, the London laborer who engineered the 2 1/2 inch boiler, uses no tobacco nor strong drink. It is a pity that all workmen would not imitate his example.

The churches are making a praiseworthy effort to improve the moral portion of their services. This can only be done by constant practice and regular attendance on the part of churchmen.

The Deseronto Cemetery Company are erecting a large greenhouse adjoining the caretaker's lodge at the cemetery. Supt. Langton will thus be able to have a large assortment of choice flowers always on hand.

During the past few months there has been an exodus from the Grand Trunk office in Belleville. No less than five clerks have left for the United States. The exodus from the office of the Grand Trunk has been unprecedentedly large this year.

Mr. Thos. Hinchey has purchased a lot on Mill street immediately opposite the residence of Mr. G. E. Clement. He has given the contract for the erection of a residence on half of the lot to Mr. George Clement, and work has already been commenced.

The Trenton Advocate wants to know where we got our information that building lots can be obtained in Trenton from \$100 to \$200 each. If the Advocate will look in his own columns he will find that Mr. H. O'Rourke offers to sell twenty town lots from \$100 to \$125.

There was almost a conflagration at the public school last week. The heat in the stove pipes in one section having caught fire. The pipes became red-hot and fell. Happily, or rather unhappily—the flames were extinguished and the unsightly structure still grows the unhappily.

Hon. Wilfred Laurier, the talented leader of the opposition in the house of commons, will address a public meeting in the opera house, Belleville, on the evening of Wednesday, Oct. 9th. Many will be eager to hear this great orator on this occasion, his first visit to the Bay district.

Eight or ten head of cattle belonging to residents of the town broke out of their pastures the other evening and made their way into Mr. Wm. McKee's garden where they devastated his cabbage patch. They were impounded and their owners compelled to pay a respectable bill of damages.

There are now four sunken vessels in the St. Lawrence river: the Vickery opposite Alexandria Bay Park; the Armstrong opposite Prescott; and the Rothway and Myra between Brockville and Prescott. The Rothway has been abandoned by her owners and turned over to the insurance companies.

After rain a pool of water forms on the crossing over Edmund street adjoining the McCollough clock, the crossing, owing to its proximity to the market, is much used by ladies find this lake a great inconvenience.

Two or three hours work by Commissioner Martineau would abate this unpleasant nuisance.

Eight years ago Tacoma, Washington Territory, had 720 people; to-day it is a city of 20,000. We wonder that in a city that four or five cities and a dozen large towns have sprung into existence in that territory, impudence fills our souls at the paucity of immigration into the Canadian Northwest.

From a copy of the *Sentinel of Pilot Mound*, Manitoba, we observe that a meeting of school teachers was held at Cartwright for the purpose of forming a teachers' association. The meeting was well patronized by the lady teachers of the district. The first convention will be held to-morrow. Mrs. E. Coleman, formerly of Deseronto, was appointed secretary.

Mr. H. B. Dryden, formerly of this office, favours us with a copy of the exhibition number of the *York Tribune* published at West Toronto Junction. It claims that the town of West Toronto Junction is the most progressive town in the Dominion. Six years ago it was a mere corner and a wretched hamlet. To-day it has a population of 25,000 and an assessed value of \$2,714,000.

A marked improvement is said to have already taken place in the *English press* since the establishment of the *London Standard* in the New York Herald. The different newspapers are becoming more alert in collecting news and now impart it to their readers in a more lively and natural manner. The long and somewhat editorial is also giving place to the crisp, pointed paragraph.

Cure for dandruff: Take borax, half a teaspoonful; common sulphur, one heaping teaspoonful; pour over this one pint of boiling water. When cool pour into a bottle and agitate frequently for three or four days, then strain. Moisten the scalp thoroughly with this two or three times a week. It is one of the most, if not the most, reliable preparations known for permanently removing dandruff.

Mr. Wright Daryea, President of the Glenora Starch Company, died at his residence, Glen Cove, Long Island, N. Y., on the 18th inst. The deceased gentleman was an intimate personal friend of the late H. B. Rathbun, Esq., their social and business relations extending over a period of many years. Mr. Daryea was a member of a manufacturing corporation of world-wide fame, and proved himself a man of great energy and business capacity.

Quick Dispatch.

On Friday at 3 p.m. Mr. Wm. Evans of the shipyard received an order to furnish seven large lifting blocks for raising a vessel. They were placed on the Hero next morning and forwarded to Kingston.

Church of the Redeemer.

Rev. J. H. Gallagher, B. A., of Dufferin, Ont., will conduct the services in the Church of the Redeemer on Sabbath, and on the evening will lecture on "Protestantism."

Car Works.

Operations continue very brisk in the Deseronto Car Works. Visitors at the works are delighted with the appearance of the new passenger coaches for the N. T. & Q. Railway which are being finished in great numbers. The work is completed by elegant specimens of workmanship.

An order was received last week for ten flat cars for the Brockville, Westport & Sault Ste. Marie Railway. They will be run out in a few days.

The Greyhound of the Lake.

The famous Greyhound, Alliance, Saxon and Vanania all left Oswego together on Monday afternoon. An exciting race followed. They reached Deseronto in the following order: Saxon, Vanania, Alliance, and Saxon. The smoke stack of the Vanania caught fire on the trip, and some of the woodwork adjoining the engine, a pretty rare indication that she was burning all the fuel which the capacity of her furnaces would allow, though it is possible the cook may have been cast in just then to give a brighter glow to the flames.

Deseronto Ship Yard.

Superintendent Evans and his men are always busy at the Deseronto ship yard. Unlike the Rig Mill, Calk Mill, Sack Factory and other easy going establishments, labour is incessant is a characteristic feature of the shipyard department.

The schooner O. S. Stors, which was hauled out on an average each day, was replaced. A scow for Walter & McNally, bridge contractors at Belleville, has been finished and delivered up on the Bay.

Something Like a Record.

The Western Lumberman states that "the Everton Lumber Company's mill, Potsdam, N. Y., cut 40,000 lath recently in 11 hours on a single machine. The largest output in six days last year was 499,000 pieces, being an average of \$3,166 pieces. The Big Mill is doing a pretty good record breaking fact."

Review Sunday.

The exercises in the Methodist Sabbath School promise to be of unusual interest next Sunday afternoon. It will be remembered that at the opening of the new church there was a special children's service in the afternoon. The pupils of the school will there fore celebrate the anniversary of the opening of the church by elaborate review exercises on Sunday next at 3 p.m. The review of the lessons of the past quarter will be conducted by the lady teachers of the school alone. The teachers under the presidency of Mrs. Campbell have taken the affair in hand, with becoming zeal and an instructive afternoon's service may be expected.

An Old Complaint.

The genius which planned the public school building never dreamed of such a thing as ventilation, and nearly all the departments are anything but wholesome, the unpleasant atmosphere being still further vitiated by the primitive method of heating which at present obtains.

The paper of Miss Porter's department are cribbed in a very unhealthy and ill lighted room. It is unnecessary to add that neither teachers nor pupils can do efficient work under such circumstances.

What is required is a new primary school house in the west end which would relieve the congested departments of the present building. Deseronto should have the best school equipment of the age.

More Light.

The people of Deseronto, being a hard working class, are wont to go to bed early and are not much on the streets after ten o'clock. It would be a becoming thing on the part of the authorities to have the streets pleasantly lighted up to that hour.

As matters are now turned on in the greater part of the town until 8:00 o'clock, the gas lamps not being lit until that time. Thus at the very time they are most needed they are not so ready to be lit.

The concert and tea-meeting season is now upon us and Egyptian darkness reigns in the northwest suburb near Union Hall, all of which could be prevented were a lamp placed at the corner of Mill and Dundas streets. What say the town fathers?

Mrs. Scott-Siddons.

Mrs. Scott-Siddons appeared before a Deseronto audience to Friday evening. Owing to the unpropitious weather the attendance was comparatively small, but those present enjoyed a rich treat.

The dramatic recital by this talented artist being given in a manner which left nothing to be desired. Her voice gave evidence that she had not quite recovered from her recent illness, but nevertheless every one was charmed with each successive number on the programme.

Mrs. Scott-Siddons was assisted by Miss E. N. Roblin, a young vocalist who has won honours in Toronto, Vancouver, and other places and who gave several solos which were well merited.

Mrs. J. C. Dreyer and Miss Roblin also gave a duet which was much appreciated. The thanks of the community are due to Mr. J. Dreyer for who catered to the category they are indebted for the double attraction which gave an evening of unusual intellectual enjoyment.

Children Chased by a Snake.

The children of Mr. William Lett, Egungville, had rather an alarming experience a few days ago. They were playing in an old common and espied a snake with a bird in its mouth. They immediately pursued the snake in order to liberate the bird.

After succeeding in rescuing the bird, the snake got angry and turned on the children. They immediately made for home, the eldest boy seeing the snake about to gain on them, they ran in a large snail.

All three got in a large snail. All three got in a large snail. All three got in a large snail. All three got in a large snail. All three got in a large snail.

Angry still it circled round and round the stump, sometimes lifting itself half way up. The children's cries were heard by a neighbor, who, fearing a bear had taken one of them, made all haste to the rescue. When the children's cries were heard by a neighbor, who, fearing a bear had taken one of them, made all haste to the rescue.

Immediately a terrible fight began for sweet life, but the snake was finally blown away. It was dead his snake. The snake was one of the largest ever seen in the neighborhood.

A Hint to Capitalists.

There is an excellent opening in Deseronto for a factory which would manufacture some line requiring the employment of female labour. Such a factory would prove a boon to the town and be moreover a profitable investment. Could not a joint stock company be formed to enter at once on such a scheme?

Mr. George Butch leaves in a day or two to take the position of manager of Griswold's new Cabin Company. Mr. Barackman will go to the city to attend to the duties of agent for the same company, the largest of the kind on this continent. The company will start from Chicago springing in all the cities on the route to San Francisco and return. Mr. Butch will return to Deseronto early in the spring to organize his own company on a larger scale for another Canadian tour next summer.

On Sunday evening Capt. John Gale, of the local corps of the Salvation Army will hold a farewell meeting. He will leave Deseronto on Thursday to take charge of another post. There will be special services not only on Sunday evening but on the following evenings until his departure.

Capt. Perkins will assist and enthusiastic meetings are expected. All are cordially capable officer and all classes in Deseronto will regret his departure.

Return of Chief Amosookah. Chief Amosookah arrived home from his European tour on Tuesday afternoon. His engagement with the Colonial and Continental Church Society, of London, England, closed on the 14th inst., and on the 14th he sailed from London on the steamer Alaska, arriving at New York on Sunday 22nd.

His mission proved a great success. His efforts on behalf of the interests of the Society having been greatly appreciated and rewarded with great results. The Society people of the mother country have been deeply gratified and the Chief himself expresses himself delighted with the kind reception everywhere accorded him by the people of the mother country.

Chief Amosookah collected \$17,000 for the Society during his tour, the collections sometimes amounting to \$1500 in an evening. The Chief looks well after his hard work. He expresses himself surprised at the changes that have been effected in Deseronto during the past year and the evidence of growth everywhere visible.

Sanitary Affairs. Mr. Editor:—

It is really a fact that our council will not provide a refuse ground for the Town. May be you are simply making a joke at the expense of our civic fathers. It cannot be possible that these sagacious councillors are willingly neglectful in this very important matter. It is certainly of little avail for us to expect a healthy community where the atmosphere is tainted with obnoxious vapors from overflowing cess pools and obstructed drains, the evidence of which is altogether too evident to the olfactory nerves. There is a great work in the future yet for our town officials in the way of providing an efficient water service, and a sanitary system that will go far towards killing out our malarial, for which our town is becoming notorious, and no one can justify the custom that prevails with some of our people of emptying their refuse and slops into the open street. This is a nuisance in several districts. Our people must respect the laws that exist, and should not wait for the constable to frighten them into proper behavior. It seems to me that our city fathers are preparing a mighty engineering scheme that will remove all these disorders, and render our community perfectly healthy in every respect. Don't you observe, Mr. Editor, what a brow of care they carry? It is the evidence of those engrossing thoughts within regarding this same scheme. Have patience, we'll hear from them before election day.

Yours truly, SAMTAS.
